SATISFACTION GUARANTEED

New Jersey's small businesses are key to the state's well-being. They account for a significant share of the state's economic production and job creation. Intuit, Inc. released the results of its latest Small Business Employment Index on May 1, 2012. The survey, which is based on data from Intuit Online Payroll customers, showed small businesses added about 40,000 jobs in April nationally, for an increase of 0.2 percent. In New Jersey, small business employment grew by 0.3 percent, beating out neighboring states New York and Pennsylvania.

No matter the economic conditions, small business owners and entrepreneurs find a way to rise to the occasion. National Small Business Week reminds you to **THINK NATIONAL & SHOP LOCAL!**

Handicap Addition & Ramp Built onto Barrington Home by Volunteers!

Because of the goodwill and generosity of literally hundred of people, from fund-raising help to construction, 8 year old Casey Umba has been able to move into his new addition where his mom, brother, and grandparents will always be able to care for him at home where he belongs! The Umba family would like to thank the following volunteers/donors from the bottom of their hearts. "Without each and every one of them and their amazingly kind-hearted contributions, this labor of love would not have been possible. It's not just life-changing. It's life-saving for us. I can never thank them enough."

Why Plan My Own Funeral?

Pre-Planning a funeral may be one of the most considerate things people can do for their family and loved ones. Tending to the details immediately following a death can often be complex and confusing. By pre-planning, you not only relieve your family of the burden at an emotional time, but also of the task of second-guessing what you would have wanted.

Pre-planning:

- Costs nothing, but buys you peace of mind
- We are happy to meet with you at your home or in ours
