ORDINANCE NO. 1101

AMENDING CHAPTER 102, SITE PLAN REVIEW, AND CHAPTER 105, STREETS AND SIDEWALKS, IN THE CODE OF THE BOROUGH OF BARRINGTON

BE IT ORDAINED by the Mayor and Borough Council of the Borough of Barrington, County of Camden, and State of New Jersey, that Chapter 105, Streets and Sidewalks, of the Code of the Borough of Barrington is hereby amended as follows:

ARTICLE I. CHAPTER 102 SITE PLAN REVIEW

Section 102-20 Driveways

M. Pursuant to Chapter 105 of the Borough Code, all driveway aprons in the Borough of Barrington shall be constructed of concrete consistent with New Jersey Department of Transportation (NJDOT) standards as amended. Bituminous asphalt drive aprons are prohibited.

Section 102-24 Sidewalks

C. Pursuant to Chapter 105 of the Borough Code, all sidewalks constructed or reconstructed in the Borough of Barrington shall be constructed of concrete consistent with NJDOT standards as amended.

Section 102-25 Curbing

Each land development requiring site plan approval shall install curbs and gutters (gutters will not be required except in cases where the grade of the road is less than 0.0050 and, in the opinion of the Borough Engineer, a drainage problem exists) along the entire property frontage of the borough road in accordance with the standards and specifications as set forth in the Barrington Borough Subdivision Ordinance, as amended, and construction to be approved by the Borough Engineer and/or the Construction Official. All curbs in the Borough of Barrington shall be constructed or reconstructed of concrete consistent with NJDOT standards as amended. Bituminous asphalt curbing is prohibited.

ARTICLE II. CHAPTER 105 STREETS AND SIDEWALKS

ARTICLE IV. Sidewalk Construction, Repair and Maintenance

Section 105-20. Construction standards and materials.

Every sidewalk and/or curb constructed, reconstructed or repaired by an abutting owner [or contractor] shall be constructed of, reconstructed or repaired consistent with the guidelines issued by the New Jersey Department of Transportation (NJDOT) as amended, which will be supplied to the abutting owner or contractor by the Superintendent upon receipt of the appropriate permit. This shall also apply to construction and reconstruction of any paved surface including patios and driveways whether concrete, asphalt or pavers.

All driveway aprons, curbs and sidewalks in the Borough of Barrington shall be constructed or reconstructed of concrete consistent with NJDOT standards as amended. Bituminous asphalt driveway aprons, curbs and sidewalks are prohibited.

ARTICLE III.

All Ordinances contrary to the provisions of this Ordinance are hereby repealed to the extent that they are inconsistent herewith.

ARTICLE IV.

This Ordinance shall take effect upon passage and publication according to law.

BOROUGH OF BARRINGTON

Introduced: January 15, 2019

Adopted: February 12, 2019

By: _____
Robert Klaus, Mayor

Attest: _____
Terry Shannon, Borough Clerk

ORDINANCE NO. 1102

ORDINANCE OF THE BOROUGH OF BARRINGTON, COUNTY OF CAMDEN, STATE OF NEW JERSEY AMENDING ARTICLE II. OF CHAPTER 105, STREETS AND SIDEWALKS, OF THE CODE OF THE BOROUGH OF BARRINGTON

BE IT ORDAINED by the Mayor and Borough Council of the Borough of Barrington, County of Camden, and State of New Jersey that Article II, Excavations, in Chapter 105, Streets and Sidewalks, is hereby amended in the Code of the Borough of Barrington, as follows:

ARTICLE I.	ARTICLE II.	SECTION 105-6	Permit required; fees; deposit; bond.
-------------------	--------------------	----------------------	--

A. It shall be unlawful for any person or persons, firm, partnership, association or corporation to disturb, cut, break into, excavate or open any of the roads, streets, avenues, thoroughfares, alleys, sidewalks or highways in the Borough of Barrington without first having obtained a permit therefor from the Borough Clerk and having paid a permit fee of \$200.00 along with escrows of \$500 for engineering reviews and \$300 for inspections, which shall accompany the application. Unused escrow fees shall be returned to the applicant. If, at any time during the review and/or inspection of the work, it becomes evident that the escrow is or will be insufficient to cover the cost thereof, the applicant shall make such additional deposits in the amounts to be determined by the Borough Clerk. An additional permit fee of \$500 shall be required for each street opening on a street improved within the last five years, if such opening is approved by the Superintendent of Public Works.

B. Every application for such permit shall also be accompanied by the sum of \$1,500, which shall be deposited with the Borough Clerk and which shall be refundable at the request of the applicant for such permit after restoration of the area has been completed in a manner and condition satisfactory to the Superintendent of Public Works.

C. The foregoing permit shall be good for a period of six months from the date of issue.

D. Any public utility, as defined in N.J.S.A. 48:2-13, municipal corporation or authority, joint municipal authority or commission, may file a bond in the amount of \$25,000 with the Borough Clerk in lieu of the cash deposit of \$1,500 which is required with each application. The filing of such a bond shall eliminate the necessity for such an organization to provide the specified cash deposit, regardless of the number of applications made by or outstanding to it. Said bond shall be issued annually by a bonding company, surety company or corporation or organization approved by the Borough Council. Said bond shall be conditioned upon the restoration of the surface and foundation of the road, street, avenue, thoroughfare, alley or highway for which the permit was granted, in a manner prescribed in Section 105-7 hereof, and the bond shall continue in full force and effect for a period of two years after the completion of the work and construction of the permanent patch or patches.

E. Prior to the issuance of any permit by the Superintendent of Public Works under this section, the application for such a permit may be reviewed by the Borough Engineer.

F. Size of disturbed segment.

(1) For purposes of Section 105-6(A), a permit shall be required for any excavation or opening of 100 linear feet or less parallel to the nearest adjacent curb. Any excavation or opening greater than 100 linear feet or less parallel to the nearest adjacent curb shall require a separate permit for each one-hundred-linear-foot segment of disturbance, cut, break, excavation or opening on or into any of the roads, streets, avenues, thoroughfares, alleys, sidewalks or highways in the Borough of Barrington.

(2) Notwithstanding the provisions of Section 105-6(F)(1), any and all excavations performed by any municipally owned utility shall require one permit for any excavation or opening on or into any of the roads, streets, avenues, thoroughfares, alleys, sidewalks or highways in the Borough of Barrington.

ARTICLE II. ARTICLE II. SECTION 105-7 Application requirements.

A. A separate application shall be filed for and a separate permit shall be obtained for each and every opening, and the permit fee and deposit required by Section 105-6 hereof shall accompany each separate application. For the purposes of this section, a series of excavations made for the installation of a continuous pipe, conduit or other line by boring or jacking methods shall be deemed a single opening and shall require only a single permit for the entire installation.

B. Each application shall state:

- (1) The kind and character of the proposed excavation.
- (2) The location of the proposed opening.
- (3) The size and depth of the proposed opening.
- (4) The type of existing paving.
- (5) The name of the contractor who will repave or restore the street.
- (6) The name and address of the applicant.
- (7) The name and address of the owner in behalf of whom or which the application is made.
- (8) The date of the application and the anticipated completion date of the work to be undertaken under the permit.

C. Said preparation shall be signed by the applicant guaranteeing complete conformance with this chapter and shall be accompanied by a plan or sketch showing the location of the proposed opening.

ARTICLE III. ARTICLE II. SECTION 105-8 Emergencies.

In the event of a sudden and emergent break of any water, sewer, gas, oil or other underground line or facilities which endangers the life, health or safety of the public or where immediate repair is imperative to prevent loss or damage to streets or property or discontinuance of service, it shall not be necessary to obtain a permit before commencing such repair or before opening the surface of the street. The making of any such opening or excavation shall be reported to the Superintendent of Public Works, the Police Department and to the Borough Clerk within 24 hours thereafter, and an application for a permit therefor shall be made within 48 hours thereafter.

ARTICLE IV. ARTICLE II. SECTION 105-9 Tunneling.

A permit as described herein shall be required for any tunneling under the surface of any street for any purpose whatsoever, regardless of whether or not it involves an opening in the surface of the street. Any such tunneling shall not be commenced or undertaken until the Borough Engineer has recommended in writing to the Superintendent of Public Works that it be permitted, and such shall be accomplished only under the supervision of the Borough Engineer, whose services shall be paid for by the applicant.

ARTICLE V. ARTICLE II. SECTION 105-10 Scheduling of work.

Where the excavation is to extend the full width of the road, only 1/2 of it shall be made at one time and shall be backfilled before the other half is excavated so as not to interrupt traffic. The excavation and backfilling shall be made within seven days.

ARTICLE VI. ARTICLE II. SECTION 105-11.1 Backfill and patching.

A. Upon completion of the excavation of the work to be accomplished therein, and prior to replacing any of the material removed therefrom or placing fill material therein, the applicant shall request that the Superintendent of Public Works perform an inspection thereof. No material or fill shall be placed in the excavation until permission to fill the excavation has been given by the Superintendent of Public Works.

B. Backfill material shall be such as is approved by the Superintendent of Public Works. Such backfill material may not necessarily be the material removed in the excavation but shall be a granular material such as to provide a base free of settlement. All backfill must be tamped.

C. Before patching, concrete surface pavements shall be saw-cut. Where pavement patching includes the construction of a concrete base or surface course, the concrete patch shall extend over undisturbed subgrade for a width of not less than one foot on each side of the excavation.

(1) Temporary patch. It shall be the responsibility of the applicant to apply a temporary patch to the street when said applicant has completed the backfill of the excavation. Said patch may be temporary in nature and it is not necessary that the patch be inspected by the Superintendent of Public Works. In all streets, the temporary patch shall be bituminous cold patch, two inches in thickness. Said cold patch shall be maintained by the applicant at an even level with the road surface until application of the permanent patch.

(2) Permanent patch. The applicant shall install or cause to be installed a permanent patch after six months of application of the temporary patch. The permanent patch shall be of all new materials, and the finished patch shall be equal to or superior to the best adjacent pavement, including all base and surface course. Prior to installation of the permanent patch, the Superintendent of Public Works shall perform an inspection. No permanent patch shall be applied until such an inspection has been performed and permission has been given by the Superintendent of Public Works to install same. Said permanent patch shall be installed within 30 days after permission to install same has been granted by the Superintendent of Public Works. The Superintendent shall have the right at any time when he has a reason to believe that such is necessary to guarantee that satisfactory fill material has been utilized, or that it has been properly placed in the excavation, or that a permanent patch has been properly applied and is

of satisfactory material, to require that a portion or portions of the surface and base materials be excavated for an additional inspection or that a reasonable number of test holes be drilled. Either of these acts shall be accomplished at the expense of the applicant. The applicant shall be required to maintain the permanent patch in good repair and at a level with the surrounding street for a period of two years from the date of installation.

D. Reconstruction of roads.

(1) It shall be the responsibility of the applicant to reconstruct the entire road, street, avenue, thoroughfare, alley, sidewalk and/or highway, the length of which to be determined by the Superintendent of Public Works and/or the Borough Engineer, if the excavation and/or opening of the same causes:

(a) The disturbance of is due to a service main replacement of at least 30% of the length of the roadway or 20% greater of the width of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway, as determined by the Superintendent of Public Works and/or the Borough Engineer; or

(b) Any disturbance of the width of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway which occurs within 10 years of the reconstruction, repaving and/or replacement of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway by the Borough or any other public, quasi-public or private entity, under the conditions as follows:

[1] The reconstruction, repaving and/or replacement of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway must replace in kind and match the material finish, color, texture and pattern, as well as the specifications, of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway being reconstructed, repaved and/or replaced;

[2] The reconstruction, repaving and/or replacement of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway will not change the flow of water on the road, street, avenue, thoroughfare, alley, sidewalk and/or highway, unless demonstrated to improve the condition, nor shall said reconstruction, repaving and/or replacement create any hardship on adjoining properties;

[3] The length of the reconstruction, repaving and/or replacement of the road, street, avenue, thoroughfare, alley, sidewalk and/or highway shall be solely and exclusively determined by the Borough Engineer, the length of which shall be no less than the distance between adjacent intersections, as identified by the Superintendent of Public Works and/or the Borough Engineer.

[4] The criteria as required under Subsections [1] and [2] of Chapter 112-11.1(D)(1)(b) shall be solely and exclusively determined by the Superintendent of Public Works and/or the Borough Engineer.

(2) This section shall not be construed as requiring the Borough of Barrington, or any of its subparts, to reconstruct, repave and/or replace any of road, street, avenue, thoroughfare, alley, sidewalk and/or highway which the Borough may cause to open to effect emergency repairs.

(3) Any and all excavations performed by any municipally owned utility be and hereby

are exempt from the responsibilities created under this section.

(4) In the event that any person, firm, entity or corporation requests a street opening permit for any street which was constructed or reconstructed within five years from the date of the request to repair a problem or condition which existed prior to the time of the construction or reconstruction and the requestor was sent notice of the construction or reconstruction, no permit will be issued without the approval of the Superintendent of Public Works and payment of a permit fee of \$10,000.00 and posting of an escrow in the amount of \$10,000.00 to cover any engineering or inspection costs. Should a permit be issued, all repairs/restoration of the roadway shall be in accordance with this chapter; however, the surface course shall be infrared to blend the new pavement with the old pavement.

E. Restoration; Refund or Forfeit of Deposit.

(1) As directed below, the street shall be completely and properly restored within thirty (30) days after the issuance of the permit, and, upon approval thereof by the Superintendent of Public Works of the Borough of Barrington; the deposit will be refunded by action of the Borough Council. If, in the opinion of the Superintendent of Public Works, weather conditions require a temporary repair of the street opening, with permanent repair to take place with the advent of better weather conditions, then the person to whom the permit was issued shall temporarily repair the excavation, and permanent restoration of the street shall be completed within 14 days of the time that weather conditions permit. If not restored or should a hazardous condition exist, the Superintendent of Public Works shall see to its proper restoration, and all deposit moneys shall be forfeited to the Borough of Barrington.

(2) The street shall be repaired to the same or better condition as the original roadway. At a minimum, existing pavement shall be sawcut in neat lines one foot beyond the excavation or broken bituminous material and shall be patched with six inches of dense graded aggregate; six inches of bituminous stabilized base course, HMA 19M64; and two inches of bituminous wearing course HMA 9.5M64. Prior to the restoration, all excavated material shall not be utilized as backfill material and shall be lawfully disposed of. All trenches shall be backfilled with Select Backfill, N.J.D.O.T. Designation I-11, compacted to 95% of the maximum modified density ASTM D1557. The Superintendent of Public Works and/or the Borough Engineer may, at his discretion, require compaction testing.

(3) In the event that the street has been constructed, or reconstructed within five (5) years from the date of the repair, the roadway shall be repaired in accordance with this Chapter however, the surface course shall be infrared to blend the new pavement with the old pavement.

(4) Speed Humps shall be repaired to the same or better condition as the original speed hump. At a minimum, the pavement surrounding the speed hump shall be sawcut, in neat lines, one foot beyond the excavated or broken/damaged pavement, the underlying pavement restored in accordance with this Chapter and then the hump restored with bituminous wearing course, HMA 9.5M64, to the thickness, shape and dimensions of the existing hump and in accordance with all applicable guidelines and tolerances and as approved by the Superintendent of Public Works and/or Borough Engineer.

F. Responsibility for Public Safety. The person to whom the permit is issued shall be responsible to see that the public is warned of and protected from any opening which is or may be

dangerous to the public in accordance with the latest "Manual on Uniform Traffic Control Devices" (M.U.T.C.D.) for work zone traffic control/safety. No open trench of any kind shall be permitted overnight. No stockpiling of materials or storage of vehicles shall be permitted within the municipal right-of-way.

ARTICLE VII. ARTICLE II. SECTION 105-11.2 Public safety.

The permittee shall be under a duty to properly guard the excavation and stored materials and equipment by the erection of suitable barriers by day and approved-type lights or flares by night. He shall be liable for any neglect to safeguard the traveling public.

ARTICLE VIII. ARTICLE II. SECTION 105-11.3 Supervision.

The Superintendent of Public Works or such other officer as the Mayor and Council may designate shall:

- A. Ascertain whether the permits required by this article have been issued.
- B. Supervise all excavations and back filling.
- C. Report all violations of this article to the Police Department.

ARTICLE IX. ARTICLE II. SECTION 105-11.4 Enforcement.

The Police Department and/or the designated Code Enforcement Officer of the Borough of Barrington shall enforce the regulations covering storage of materials, erection of suitable barriers, warning signs and lights or flares and all other provisions of this article, so as to safeguard the traveling public.

ARTICLE X. ARTICLE II. SECTION 105-12 Violations; penalties.

Except as otherwise provided, any owner, occupier, and/or contractor performing work within the Borough of Barrington who violates, refuses to comply or neglects to comply with any provision of this article or any rule, regulation or directive promulgated pursuant thereto shall be liable for penalties as provided in Chapter 1-15 of the Code of the Borough of Barrington. The continuation of such violation for each successive day shall constitute a separate offense, and the owner, occupier, and/or contractor performing work within the Borough of Barrington allowing or permitting the continuation of the violation may be punished as provided above for each separate offense.

ARTICLE XI.

All Ordinances contrary to the provisions of this Ordinance are hereby repealed to the extent that they are inconsistent herewith.

ARTICLE XII.

This Ordinance shall take effect upon passage and publication according to law.

THE BOROUGH OF BARRINGTON

Introduced: February 12, 2019

Adopted:

ORDINANCE 1103

ORDINANCE OF THE BOROUGH OF BARRINGTON, COUNTY OF CAMDEN AND STATE OF NEW JERSEY APPROVING THE PURCHASE OF CERTAIN LANDS BY THE BOROUGH OF BARRINGTON FROM ROBERT SCOTT STEELE, AND AUTHORIZING THE EXECUTION OF ALL DOCUMENTS NECESSARY TO IMPLEMENT SAID PURCHASE

WHEREAS, the Borough of Barrington (hereinafter "Barrington") is a municipal entity organized under the laws of the State of New Jersey and located in Camden County; and

WHEREAS, Robert Scott Steele (hereinafter "Steele") is an individual residing at 680 Meadow Rose Court, Hummelstown, PA 07036, and is the owner of real property located at 219 Clements Bridge Road, more fully described as Lot 12 in Block 25 on the Official Tax Map of the Borough of Barrington; and

WHEREAS, it has been determined by the Borough Council of the Borough of Barrington that the purchase of this property for a public purpose is within the best interests of the Borough, as authorized by N.J.S.A. 40:48-1, et seq.; and

WHEREAS, Barrington wishes to purchase the above referenced property from Steele for consideration in the amount of One Hundred, Thirty-five Thousand (\$135,000.00) Dollars; and

WHEREAS, the purchase of this property by Barrington is consistent with and in furtherance of the acquisition of this property for a public purpose; and

WHEREAS, Barrington and Steele will reduce the terms and conditions of this Agreement to a Contract for Sale of Real Estate, Deed and Affidavit of Title, among other documents; and

WHEREAS, it is the intention of the Mayor and Borough Council of the Borough of Barrington to authorize the proper municipal officials authorized to execute the appropriate documents including, but not limited to, a Contract for Sale of Real Estate, Deed and Affidavit of Title, and all other documents necessary to implement said transaction on behalf of the Borough of Barrington.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Commissioners of the Borough of Barrington, County of Camden, State of New Jersey that, pursuant to and in furtherance of the authority granted to the municipality under N.J.S.A. 40:48-1 et seq., the purchase of real property more fully described as Lot 12 in Block 25 on the Official Tax Map of the Borough of Barrington from the Robert Scott Steele is hereby approved; and

AND BE IT FURTHER ORDAINED that Robert Klaus, Mayor of the Borough of Barrington, Timothy J. Higgins, Borough Attorney of the Borough of Barrington and Terry Shannon, Borough Clerk of the Borough of Barrington be and hereby are authorized to execute the appropriate documents including, but not limited to, a Contract for Sale of Real Estate, Deed and Affidavit of Title, and all other documents necessary to implement said transaction on behalf of the Borough of Barrington.

THE BOROUGH OF BARRINGTON

BY: _____
ROBERT KLAUS, MAYOR

ATTEST:

**_____
TERRY SHANNON, BOROUGH CLERK**

The foregoing Ordinance was introduced by the Mayor and Commissioners at the regular meeting held on February 12, 2019. This Ordinance will be considered for adoption on final reading and public hearing to be held on March 12, 2019 at 6:00 p.m. in the Council Meeting Room, Barrington Borough Hall, 229 Trenton Avenue, Barrington, New Jersey.

The purpose of this Ordinance is to approve a purchase of certain land by the Borough of Barrington from Robert Scott Steele. A copy of this Ordinance is available at no charge to the general public between the hours of 9:00 AM to 4:30 PM, Monday through Friday (Legal Holidays excluded), at the Office of the Borough Clerk, Barrington Borough Hall, 229 Trenton Avenue, Barrington, New Jersey.

RESOLUTION 2-2019-21

AWARDING A CONTRACT TO M.D. REMODELING FOR REMOVAL OF ARCHITECTURAL BARRIERS AT THE VFW SENIOR COMMUNITY CENTER

WHEREAS, the Borough of Barrington advertised for, and received bids on January 15, 2019 for the purpose of the Architectural Barrier Removal (Construction of A.D.A. Compliant Automatic Entry Doors) at the VFW Senior Community Center located at 109 Shreve Avenue (Funded by the C.D.B.G. Program, Year 39 Funds); and

WHEREAS, the bids received were not reasonable, as to price, based on comparison of price with the Engineer's Estimate, in accordance with Section 40A:11-13.2 of the Local Public Contracts Law and were rejected; and

WHEREAS the Governing Body authorized our office to solicit Quotes for the purpose of the Architectural Barrier Removal (Construction of A.D.A. Compliant Automatic Entry Doors) at the VFW Senior Community Center located at 109 Shreve Avenue (Funded by the C.D.B.G. Program, Year 39 Funds) and our office solicited Quotes from eleven (11) prospective Quoters; and

WHEREAS, the low Quote in the adjusted amount of \$39,950.00 (\$43,945.00 less the \$3,995.00 10% contingency item) was received from M.D. Remodeling, LLC of Williamstown, New Jersey;

NOW, THEREFORE BE IT RESOLVED, by the Mayor and Council of the Borough of Barrington, County of Camden, State of New Jersey, that a contract in the adjusted amount of \$39,950.00 (\$43,945.00 less the \$3,995.00 10% contingency item) for the Architectural Barrier Removal (Construction of A.D.A. Compliant Automatic Entry Doors) at the VFW Senior Community Center located at 109 Shreve Avenue (Funded by the C.D.B.G. Program, Year 39 Funds) is hereby awarded to M.D. Remodeling, LLC of Williamstown, New Jersey, conditional upon the following:

1. That a certificate has been received from the Municipal Treasurer stating that funds are available for this Contract;
2. That the quote documents and procedures have been reviewed and approved by the Municipal Solicitor;
3. That the bid quote documents and procedures have been reviewed and approved by the Camden County Community Block Grant Program;
4. That the presiding officer of this body be and is hereby directed to sign for and on its behalf the Contract for said services;
5. That the clerk of this body be and is hereby directed to seal said Contract with the corporate seal of this body and attest to the same;

6. This Resolution hereby authorizes the Mayor and Clerk to endorse the Contract document.

RESOLUTION NO. 12-2019-25

AUTHORIZING LIENS AGAINST CERTAIN PROPERTIES FOR COSTS INCURRED BY THE BOROUGH OF BARRINGTON IN ACCORDANCE WITH THE PROPERTY MAINTENANCE CODE

WHEREAS, in accordance with Chapter 95 of the Code of the Borough of Barrington, entitled the "Property Maintenance Code", notice of noncompliance was sent to the record owners of the below listed properties; and

WHEREAS, said property owners did not comply with said notice and the Barrington Public Works Department was ordered to abate the violations; and

WHEREAS, the cost to abate the property maintenance violations was as listed below and as indicated in the invoices attached hereto; and

WHEREAS, it is the desire of this Governing Body, in accordance with Chapter 95 of the Code of the Borough of Barrington, to certify said costs incurred by the Barrington Public Works Department as liens against the properties listed below;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Barrington, County of Camden, State of New Jersey, that the following liens are hereby certified against the properties as indicated in accordance with Chapter 95 of the Code of the Borough of Barrington:

1201 Clements Bridge Road \$ 665.42

BE IT FURTHER RESOLVED that a certified copy of this resolution be forwarded to the Tax Collector so she can forward to the owner(s) of the subject properties; and

BE IT FURTHER RESOLVED that the Tax Collector shall be responsible for collection of the amounts herein certified.
