

BOROUGH OF BARRINGTON

Dear New Neighbor:

On behalf of the Borough of Barrington, I would like to extend a warm and heartfelt welcome to you and your family! I am thrilled that you've chosen to make our community your new home.

Whether you're here for the first time or returning after some time away, we believe you'll quickly see what makes our town such a special place to live. From our friendly neighbors and vibrant local businesses, our public schools to our numerous town events throughout the year, to our beautiful parks and rich history, there's truly something for everyone in Barrington.

As you settle in, I encourage you to explore all that our town has to offer. Be sure to visit our downtown business district, take part in our community events, and connect with local organizations. Whether you're looking for a place to volunteer, enjoy outdoor activities, or simply find a new favorite café, you'll find no shortage of opportunities to get involved and meet fellow residents.

We know that moving to a new place can come with its own set of challenges, but please remember that we are here to help make your transition as smooth as possible. One of my goals in reaching out is to try to preemptively answer any questions that you may have and try to provide you with some information you will eventually need. If you visit our Borough website, www.barringtonboro.com, and click the page labeled "New Residents" you will find all the information you should need. You can also download our Barrington app called the Barrington Bulletin and click the "New Resident Info" tab. After reviewing the information provided, if you still have any questions or need assistance, don't hesitate to reach out to our Borough Hall staff at 856-547-0706. Our team is always ready to support you.

I look forward to seeing you around town and meeting you in person. Once again, welcome to Barrington — I'm so glad you're here!

Respectfully,

Mayor Kyle Hanson
